

YOUNG LEADERS PROGRAMME

Transitioning from an individual performer to a team leader requires a shift in mindset. Success no longer comes from the individual but from the team, and when done right, these successes are greatly multiplied. In times of rapid change, to develop long-term career success means to be an agile learner about leadership challenges.

The Young Leaders Programme (YLP) addresses the challenges of learning and leading simultaneously. The programme develops the critical core skills needed to drive high performance through effectively leading self and others.

WHAT TO EXPECT

- ✔ Develop the necessary skills to diagnose and address emerging challenges and leverage opportunities in their workplaces
- ✔ Articulate and discuss ideas and persuade others to achieve common outcomes
- ✔ Make decision in a complex setting to achieve intended goals using a structured process and co-related material from diverse knowledge bases
- ✔ Influence, guide, and handle others' emotions to build instrumental relationships and manage conflicts and disagreements
