

ASIAN FINANCIAL LEADERS PROGRAMME

OVERVIEW

The Asian Financial Leaders Programme (AFLP) is focused on equipping leaders with the knowledge and capabilities to operate effectively across business, economic and regulatory environments.

The six-module, 21-day AFLP is a global experience that spans five countries in the U.S., Europe and Asia. It provides participants with the opportunity to learn from and interact with top policymakers in the region, glean insights of top-notch faculty of leading global business schools and captains of industry, as well as build up a strong network of peers from within the financial sector.

WHAT TO EXPECT

- ✓ Develop new perspectives and insights as a strategic leader
- ✓ Develop a future orientation to think strategically and innovate business models through technology and transformation.
- ✓ Develop change leadership through communication and stakeholder management.
- ✓ Reflect on your own leadership journey to reframe your professional aspirations and development as an authentic, credible, and innovative technology leader.

AFLP PARTICIPANT TESTIMONIALS

The AFLP curriculum was well structured and provided an outstanding learning experience with world-class faculty and exercises. The quality of the speakers and their generosity in sharing their knowledge and experience is highly appreciated by all. **The depth of experience and expertise** that each attendee brings from different parts of the financial sector created a truly diverse and engaging learning environment for the class. I look forward to applying what I learned from this programme in my career development and more importantly, share relevant lessons learned with my team. Last but not least, **the opportunity to be able to network and work together with a group of senior financial leaders is priceless.**

*Managing Director,
Head of Corporate Banking,
Citibank Singapore*

This was a **once in a lifetime opportunity to network and share ideas, and challenge my mindset**, together with some of the **best and brightest from the financial industry** in Singapore, and some of the **best minds in academia** from around the world.

*APAC Head
Wealth Planning and Singapore Head
Investment Platforms and Solutions
UBS AG*

This is a programme which really **widened my perspective with exposures to better understand the latest trends in Europe, US, North Asia and South-East Asia.** It has been **very rich in learnings and really worth my time investment.**

*Managing Director, Regional and Singapore Head
Sales and Distribution,
Personal Financial Services
United Overseas Bank Limited*

It has indeed been a privilege to be part of the first batch of AFLP participants. The diversity of participants from the various segments of the financial industry is one key strength of the programme. **I doubt there is another programme that offers the same level of diversity, experience and intensity.** As the programme grows and matures, I am **confident that it will play a significant role in helping to develop financial leaders** who are global in thinking and local in expertise.
